

Performer

A handwoven leather knot elegantly connects the slender, darkened Taiwanese moso bamboo node, grounding the composition with strength and fluidity. Three small stone beads dance upon the cascading brown tassel, like performers moving in harmony within a flowing curtain of motion—graceful, rhythmic, and alive with energy.

Care and cleaning

To keep your tassel in great condition, inspect it for any bends upon arrival. Mist lightly with water and hang to dry in a ventilated area. Avoid folding or pressing, and store by hanging or laying flat. Use a soft brush or low-speed hair-dryer to remove dust. This will keep it elegant and smooth.
