

TAIWAN-LANTERN

Pendant lamp Installation Guide

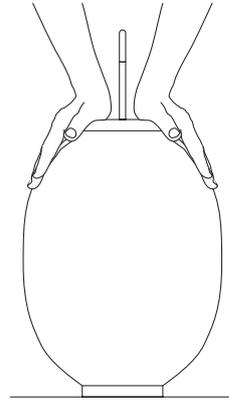

Unfolding the lantern

1

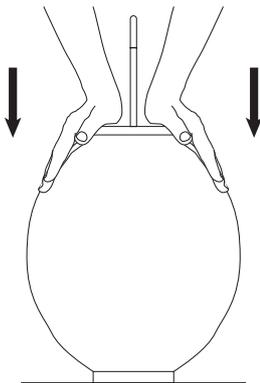

Put the lantern bottom down on a firm, flat surface (table or floor).

2

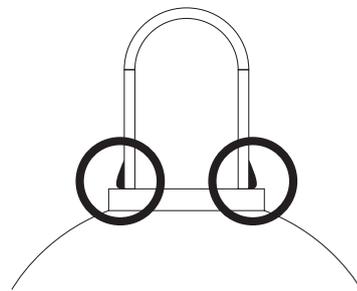

Place both hands on the top of the lantern.

3

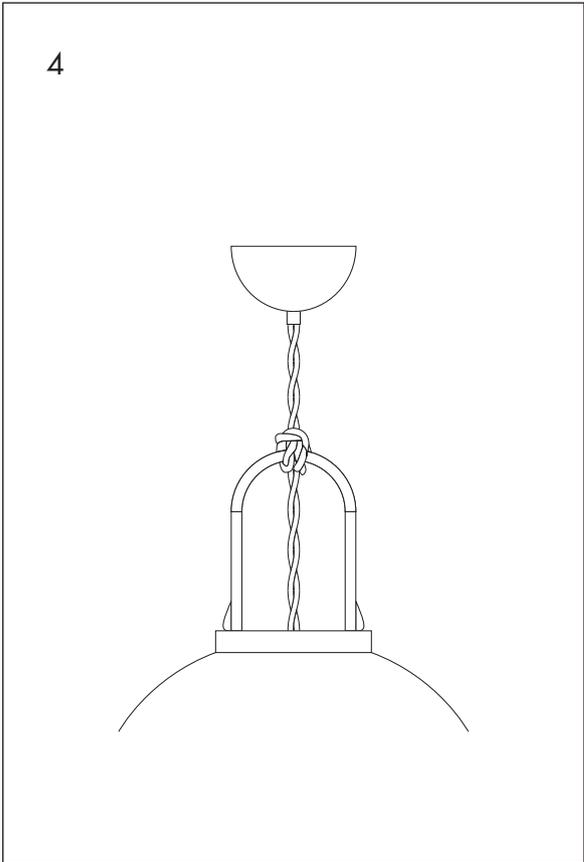

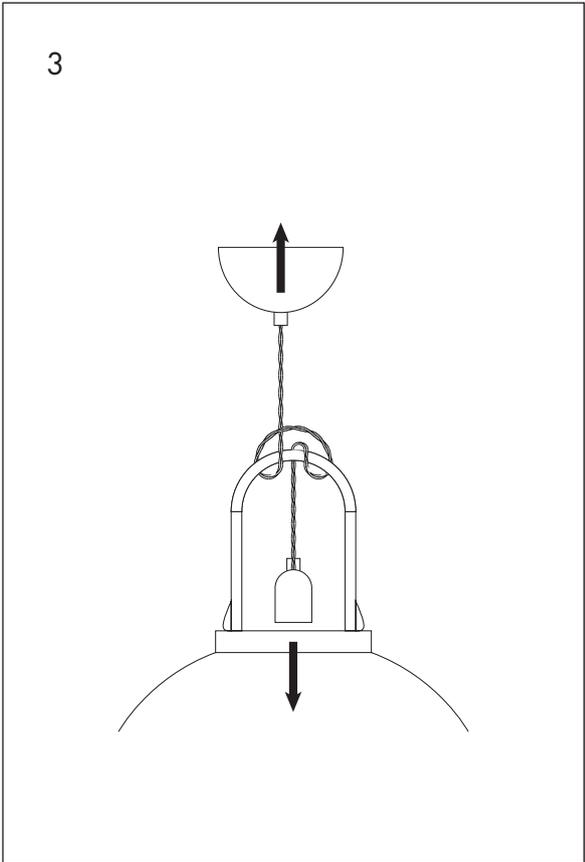

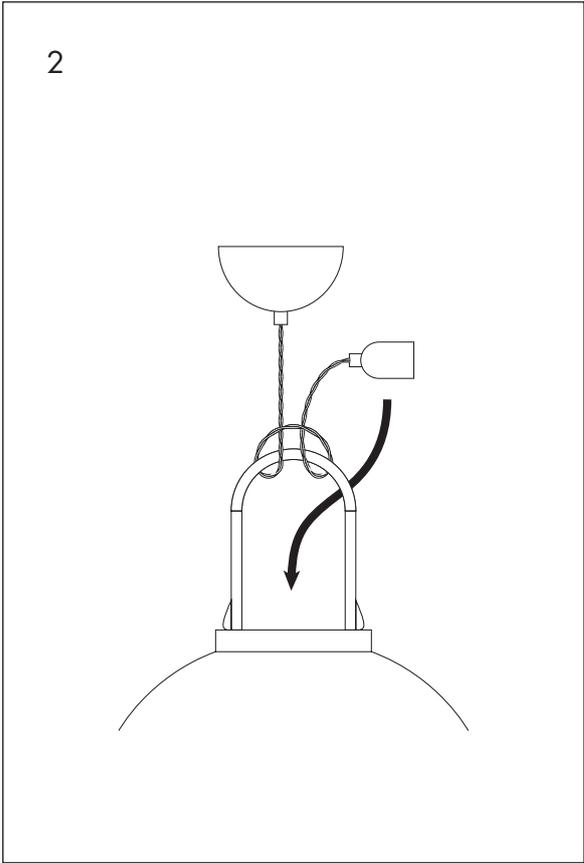

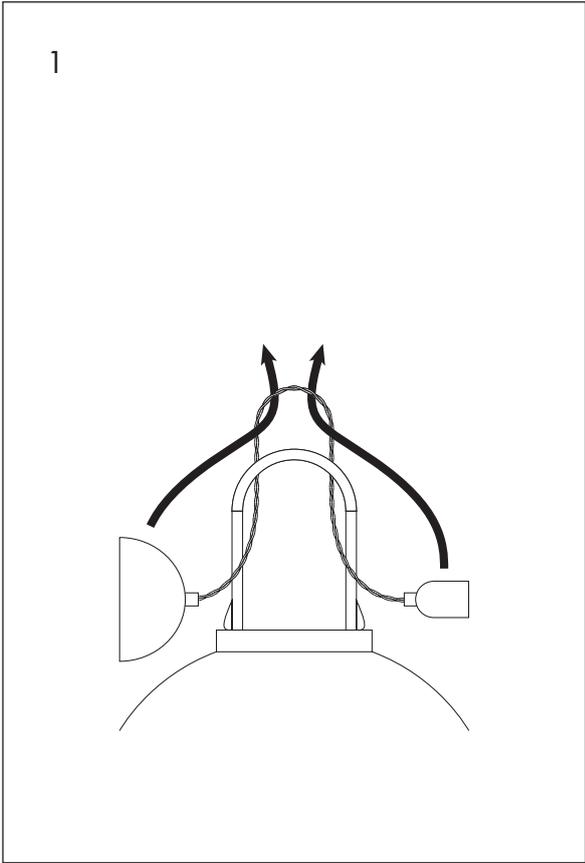

Push down until you hear a click. Don't be scared, it takes some force.

4

Make sure the click mechanism, on both sides, is anchored to the top of the lantern.

Installing the cord kit

Important information

Before starting installation work, shut off the power to the circuit. In some countries, electrical installation work may only be carried out by an authorized electrical contractor. Contact your local electricity authority for advice.

Cleaning

Using a gentle sweeping motion, wipe the lanterns with a microfibre cloth in sections, or alternatively brush it vertically from top to bottom with a soft clothes brush. Do not use chemical cleaning products on your lantern.

Note

The lanterns are handcrafted and may slightly vary in shape, hue, and character.
